Proceeds from these events and publications raise funds for the peace and justice work of *Pacem in Terris* and its *50 Year Peace Fund*. The fund's purpose is to provide a solid foundation for Pacem's next 50 years of peace and justice work. It will play a vital role in keeping Pacem agile and strong as we respond to violence and war, injustice, inequity and poverty. It will help us work for justice and restorative justice, building peace and community in war zones and former war zones, including those in our own city. For examples of Pacem's work, see reverse side.
